It is with our greatest pleasure that we announce the new Bethel Tulpehocken Public Library is officially open! This new space offers so much more learning and opportunities for our community, and we couldn't be more grateful to share this magic moment with you! Our kid patrons have so much more room to play and explore, while our adult patrons now have seating access to lounge, study, and read!

This expansion has not only allowed us to fill our lovely library with much needed furniture, but it is also giving us room to add even more items to our ever growing collection. From adult fiction all the way down to children's board books, expect to find new items filling our shelves soon! Want to help us out? Feel free to donate! More information can be found on the next page.

We once again thank all of our patrons who have been overwhelmingly supportive and patient during this time. We also thank all the businesses and kind individuals who helped make this possible. It's finally time to treat yourselves, so stop on by!

The Only One Left - Kaylin's pick

Now reduced to a schoolyard chant, the Hope family murders shocked the Maine coast one bloody night in 1929. While most people assume seventeen-year-old Lenora was responsible, the police were never able to prove it. Other than her denial after the killings, she has never spoken publicly about that night, nor has she set foot outside Hope's End, the cliffside mansion where the massacre occurred.

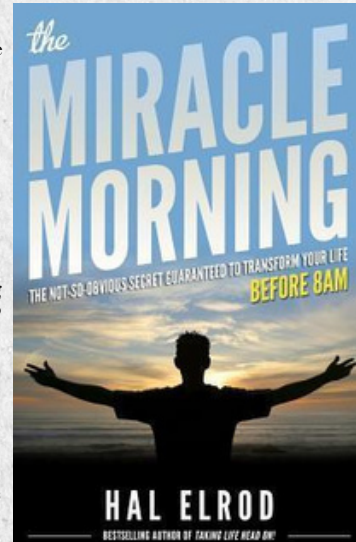

Stabbed her father with a knife
Took her mother's happy life

It's now 1983, and home-health aide Kit McDeere arrives at a decaying Hope's End to care for Lenora after her previous nurse fled in the middle of the night. In her seventies and confined to a wheelchair, Lenora was rendered mute by a series of strokes and can only communicate with Kit by tapping out sentences on an old typewriter. One night, Lenora uses it to make a tantalizing offer—I want to tell you everything.

"It wasn't me," Lenora said
But she's the only one not dead

As Kit helps Lenora write about the events leading to the Hope family massacre, it becomes clear there's more to the tale than people know. But when new details about her predecessor's departure come to light, Kit starts to suspect Lenora might not be telling the complete truth—and that the seemingly harmless woman in her care could be far more dangerous than she first thought.

The Miracle Morning - Kellee's Pick

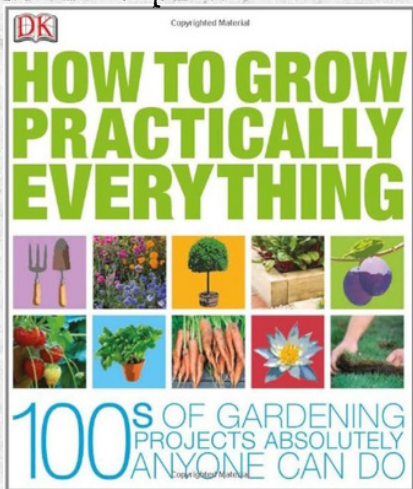

Start waking up to your full potential every single day with the updated and expanded edition of the groundbreaking book with more than 2 million copies sold.

Getting everything you want out of life isn't about doing more. It's about becoming more. Hal Elrod and The Miracle Morning have helped millions of people become the person they need to be to create the life they've always wanted. Now, it's your turn.

Hal's revolutionary S.A.V.E.R.S. method is a simple, effective step-by-step process to transform your life in as little as six minutes per day:

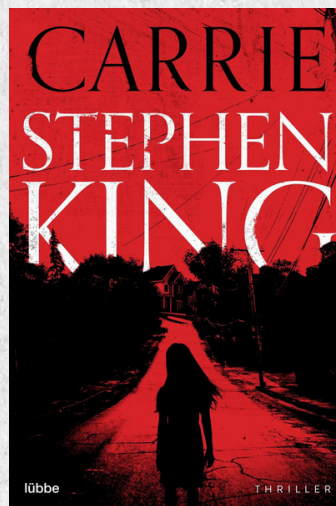

- Silence: Reduce stress and improve mental clarity by beginning each day with peaceful, purposeful quiet
- Affirmations: Reprogram your mind to overcome any fears or beliefs that are limiting your potential
- Visualization: Experience the power of mentally rehearsing yourself showing up at your best each day
- Exercise: Boost your mental and physical energy in as little as 60 seconds
- Reading: Acquire knowledge and expand your abilities by learning from experts
- Scribing: Keep a journal to deepen gratitude, gain insights, track progress, and increase your productivity by getting clear on your top priorities

How To Grow Practically Everything - Katie's pick

Packed with hundreds of gardening projects, from planting herbs in pots to creating a vegetable garden to feed the family, How to Grow Practically Everything gives complete beginners the confidence and know-how to grow almost anything. Each project is a complete package, with step-by-step photographic details and sumptuous end shots to ensure great results. How to Grow Practically Everything employs a user-friendly "recipe" formula free from intimidating jargon, covers different areas and types of gardens—from patios and terraces to beds and borders—and explores all the gardening basics, from identifying your soil to planting tips and pruning.

Carrie - Mattea's pick

A modern classic, Carrie introduced a distinctive new voice in American fiction -- Stephen King. The story of misunderstood high school girl Carrie White, her extraordinary telekinetic powers, and her violent rampage of revenge, remains one of the most barrier-breaking and shocking novels of all time.

Make a date with terror and live the nightmare that is...Carrie
